

This guide is to ensure all liveries used in Box3 events meet league standards in regards to imaging, message, etc. These guidelines are not intended to stifle any of the creativity that we see focused around liveries in the community, but to ensure that offensive or inappropriate imagery is not used.

All liveries must follow these guidelines or will not be permitted for use at Box3:

- All liveries intended to be used on stream or in league races must be uploaded to <https://alpha.awesome-simracing.com> and added to one (or both) of the Box3 collections.
- Liveries uploaded must contain the following:
 - Decals.png
 - Decals_1.dds
 - Decals.json
 - Sponsors.png
 - Sponsors_1.dds
 - Sponsors.json
 - A showcase image displaying the car with the livery applied
 - Car JSON file
- Files uploaded without _1.dds files will not be imported for broadcast streams.
- The following is not permitted on any Box3 liveries:
 - Nudity
 - Pornography
 - Offensive or exclusionary speech
 - Racist, misogynistic, or other hate-related images or speech
- All liveries will be reviewed and approved by Box3 staff to ensure community guidelines are upheld
 - For review, all liveries must also include the following in the showcase:
 - Front View
 - Rear View
 - Driver Side View
 - Passenger Side View
- Any liveries not meeting community guidelines will be removed from the league collections and the creator will be contacted with any issues for correction and re-upload
- Please read and understand [Box3 Logo/Assets Usage Guidelines](#) if you will be placing league images on your liveries.
